

The Daily Menu

All of our cupcakes are baked fresh daily. We offer 117 amazing flavors (the list keeps rising!) and daily our case houses 12 to 20 of those flavors. Much of our flavor availability is subject to seasonal ingredients as well as special requests so we encourage you to stop in and see what special flavors we are featuring each day. By popular demand our case consistently starts the day with trays of Wedding Day White, Classic Vanilla and Classic Chocolate cupcakes.

Shipping

We are happy to ship our cupcakes from the Main Street Cupcakes kitchen right to yours. We'll bake them fresh, ship them overnight to the desired location, and the recipient will enjoy decorating them. Cupcakes are packaged in a "Ship Kit". The "Ship Kit" contains the freshly baked unfrosted cupcakes, and the frosting and garnishes are included on the side for at home application.

We find that this is the best method of shipping our product to assure the proper delivery by our preferred carrier and to avoid frosted cupcake damage. (Unfortunately we cannot ship any cupcakes with fillings)
